

# Design an experiment to prove that air is matter.

- TASK for your blog: (in groups of 4)

## Is Air matter?

Does air have mass? [CopelandCFISFD](#) “Does air have mass?”

Does it have volume? [Fizzics Education](#) “air takes up space”

Density tower [spanglerscienceTV](#)

*Design an experiment to prove your answer.*

Look for ideas in internet .

You have to do

Watch the experiment in internet.

Write which materials you need.

Do the experiment and record it.

Show your classmates.

Write the conclusion.

And for homework.....

Add a post to your blog with your video and the conclusions of your experiment

Explain the other two experiments from your partners.
